

# JERRY EBIKARI NEEDAM

## FULLSTACK DEVELOPER

08102571705 | jerryebikarineedam@gmail.com

---

### PROFESSIONAL SUMMARY

I am an experienced frontend developer with a strong foundation in backend development. I thrive in fast-paced environments and have hands-on experience with a wide range of web development technologies, from frontend and backend languages to cloud platforms like AWS for application deployment. I also handle task automation using tools like Ansible and OS-specific scripts. My goal is always to deliver impactful solutions that make a difference.

---

### WORK EXPERIENCE

#### Fullstack Developer

April 2021 – Present

#### Willzy Integrated Services

- Designed, developed, tested, deployed, maintained and improved on new and existing software.
  - Implemented an automated system for creating database and file backups on servers, featuring comprehensive logging and notifications.
  - Developed a system to reset authorised SSH keys across multiple servers at specified intervals, enhancing security against compromised keys.
  - Created detailed documentation for all implemented solutions to ensure clarity and facilitate ongoing maintenance and support.
- 

### EDUCATION

#### B.Eng Electrical/Electronic Engineering (First Class Honours)

2015 – 2021

Niger Delta University, Wilberforce Island, Bayelsa

---
